Days of our Lives Sneak Peek: Week of 9/20/10

September 17, 2010 4:55 PM By Courtney Potter

JPI
Kayla and Adrienne, together again.

What's to come this week on *Days of our Lives*? Why, we've got the skinny! The inside scoop! The hot wire! Read on, friends ...

The biggest news? Kayla is returning to Salem! That's right, folks -- she was back for a time during Alice's memorial, but she's returning just in time to (hopefully) talk some sense into Stephanie. Because seriously, this whole Steph/Ian thing has us freaking out, and we think Mama needs to butt in.

Meanwhile, despite Sami's

decision to take EJ off of life support ... he starts to breathe on his own! Oh jeez. This can only mean bad news for Sami; will she have to pretend like Will is the shooting culprit? Will she be forced to come clean? Look for Lexi to keep Stefano in the dark about EJ's progress, however.

While plans for Isabella's memorial service get under, Maggie makes a strange discover at the mausoleum -- an earring she recognizes as belonging to Vivian. And speaking of Vivian, what 'til you see how excited everyone after hearing about her "departure"!

All this, PLUS: Chloe confronts Nicole regarding their friendship; Stefano offers a warning to Kate; Daniel gets in the middle of the Ian/Stephanie/Nathan brouhaha; and Bo finds out about Hope's prison attack.

What are you most looking forward to this week?
